

Daniel Roberts

Associate Principal

With over 20 years of design experience, Daniel provides expertise in dining facility design trends, programming, and planning for campus life. His design approach focuses on understanding client goals, with special attention to reflecting a client's brand, culture, and image. As Studio Director, Daniel is responsible for leading, managing, and fostering a culture of innovative design and providing oversight of complex project types including master planning, conceptual design and programming, higher education, and corporate dining facilities.
