

**PREMIER
CULINARY**
SOLUTIONS™

Don't Settle for Good, Pick Premier: A Leading Foodservice Contractor

Premier Culinary Solutions is our preferred equipment contractor partner, together we ensure efficient equipment installation, procurement, and management, saving time and money for the whole project.

Fully integrated Design+Build services

Premier provides early support with budgeting, peer review, and MEP coordination. This includes equipment procurement, real time budget and lead time management, value engineering strategies through the design process and construction management. Integrating these services allow the team to fully coordinate with other MEP trades on the project.

Key Advantages with Webb+Premier

- **Better projects:** Maintain design integrity & quality
- **On time & budget:** Reduced change orders & delays & errors
- **Exceptional service:** Issues addressed quickly & collaboratively
- **Full transparency:** Doing the right thing for each project and not squeezing out every penny

Scott Roczey has over 30 years' experience managing projects of this scale and leads Premier.

"I personally help manage each project from start to finish."

Scott Roczey, President
